

## J-Create Kids: DIY Toy Boat.

**Friday, May 22 at 3 PM**

Can you say “toy boat” 5 times fast?

This week we will be making and floating DIY toy boats.

### You will need:

- 2 plastic bottles (empty) with caps (empty soda cans also work if the opening is taped shut)
- 2 rubber bands
- Duct tape (packing tape or regular tape will work too)
- Paint, crayons, or markers to decorate
- A small passenger for your boat!
